

## How Baywood Can Help Clients and Families

Baywood's mission is to enable people to live where, and how, they want to live. We can provide an alternative to moving to an assisted living facility or a nursing home. In addition, Baywood can:

- Provide care when family caregivers are absent
- Supplement assisted living facility care
- Supplement in-home hospice care

Baywood provides flexible hourly care, 24-hour care and overnight care.

## Home Care is Affordable

Though individual situations vary, the cost of home care is generally similar to the cost of assisted living or a nursing home. (See Fee Schedule for details.)

### Important Points:

- "Live-in" care is less than \$16/hour!
- Long-Term Care insurance covers Home Care
- We accept Work Comp and Auto insurance

## Our Only Objectives

- Happy clients
- Happy clients' families
- Happy employees

Fulfilling these objectives is our only focus — each and every day.
